

Five things to know about Title IX

- Sexual assault includes any sexual activity performed without consent.
- About 90 percent of sexual assaults of college students are committed by someone the victim knows, according to the Department of Justice.
- Sexual harassment includes:
 - Unwelcome sexual advances or requests for sexual activity by a person in a position of power or authority
 - Unwelcome verbal or physical conduct of a sexual nature when it's used as a condition for academic or employment decisions
 - Unwelcome verbal or physical conduct of a sexual nature when it creates a hostile environment by interfering with educational programs or opportunities
- Title IX protects students from off-campus allegations of sexual assault, harassment or discrimination if the effects interfere with the ability to participate in or benefit from the university's educational programs, activities or employment.
- MU Health Care, the Student Health Center, Counseling Center, Behavioral Health Services, Missouri Psychiatric Center and RSVP Center are all confidential resources. They aren't required to share information with the Office of Civil Rights and Title IX or law enforcement agencies.
